

# How would you like Sheffield to develop?

Sheffield Development Framework Consultation  
21 June – 30 July 2010

## Draft City Policies and Sites

### Draft Proposals Map

This Plan covers the whole of the City and shows how it should develop in the future. We can't do this on our own – you know your streets and the places you spend your time in better than we do. We need your help to get the plan right.

The policies and proposals we are consulting on have not been finalised. This is your chance to share your views on the future of the city.

**Public Meetings focussing on how proposals affect the Northern Community Assembly Area will be held at:**

§ **Bradfield Village Hall**  
Wednesday 14 July, 6-8 pm

§ **Chapelton Library**  
Tuesday 20 July, 6-8 pm
