# Small Grants Fund

## Small grants for small groups

Does your group need some funding?

**The Council  
Small Grants Fund  
could be for you!**

This simple fast-track grants scheme is for small voluntary and community projects run by and for local people. The fund gives grants of up to £4,000.

Projects or groups should involve at least 15-20 people, aim to tackle a particular need and have a co-operative, partnership or self help approach. You don't need to be a registered charity or have a formal constitution to apply but you do need a bank account in your group's name which requires at least two people (unrelated to each other) to sign for any cheque or withdrawal.

There are also £500 grants available through the First Steps Fund for Older People.

Please note we do not give grants for food, to individuals or to groups with large unrestricted funds or a high annual income.

Could this funding be the help your group has been looking for?
